Another year has passed and on June 10th we invite all lovers of Shorthorn cattle to be with us on the occasion of our Third Annual Sale.

The herd bulls purchased by AVONCROFT, GLENROBIN and MELBAR the last five years, total an investment of over \$50,000. These herd bulls have the quality and pedigree of any bulls, anywhere. We will not lose sight of the usefulness of our cattle, and will continue in our efforts to handle those animals that will be profitable for our customers. Your success is ours.

This year we are offering 35 head. All of them will be presented in good breeding condition. They are the useful working kind and, although not high in flesh we believe they will go on and improve in your hands.

Plan to be with us on sale day. Whether you are in the market for cattle or not, we will do our best to make the day a pleasant one for you.
